OCEAN RACE FOR MOTOR BOATS

Trip From Miami Across the Gulf Stream to Nassau Feature for Next Winter.

Considerable interest is being taken by the motor boat racing enthusiasts in the plans for an ocean race of 150 miles across the Gulf Stream that has been projected for next winter. The idea is to start the race from Miami, Fla., and run to Nassau, New Providence, in the Bahamas.

On this trip the boats would practically enter harbor immediately after crossing the forty-two miles of the Gulf Stream, and as that current of warm water would be crossed at right angles, the race would be a much less strenuous one than would be a race to Cuba, in which the boats would have to buck against the current of the Gulf Stream.

The race is an inviting one for the winter season, because of the attractions of Nassau as a winter resort and the existence there of several big hotels of the Flagler system. H. E. Benis, of Nassau, who is a motor boat enthusiast himself, is the originator of the project, and he thinks that such a race for a challenge trophy could be made a standard annual event. It is expected that A. D. Proctor Smith and most of the competitors in the heavy boat class at the Palm Beach carnival would enter such a race.—New York Telegraph.

The scraper is at work today doing needed repairs on Beach street.

The Clarendon Orchestra will give a dance at the Casino next Friday night.

C. H. Smith and wife, Minneapolis; J. B. Floyd, St. Augustine; Miss E. Harrington, Miss H. W. Harrington, Albion, N. Y.; Mrs. Henry Harrington, Denver, Col., are guests of The Austin.

The Ferris Wheel will be worn out by you all the month, at the Carnival March 14 to 18. Mr. Hoya, the manager, says that all orphan children with their parents will be allowed to ride free of charge on the Ferris Wheel, March 14-18

CITY FATHERS IN SESSION

Tax Books are Examined and Regular Routine Business Was Transacted Last Night.

Council met in regular session last night with President Harris in the chair.

Aldermen Hendricks, Schmidt, Matthews, Clark, Porter and Maley present.

The minutes of the last meeting were read and approved.

A large number of bills were presented and ordered paid. The bills for advertising an ordinance presented by the Halifax Journal and The News were ordered back for correction.

The claim of Mr. Bellamy against the city for damage to harness, due to the carelessness of the water car driver, was referred to the Mayor for settlement.

Dr. H. H. Seelye, health officer, stated that the health of the city was good, and that there was the usual amount of slight ailments.

Moved by Alderman Matthews that the names of D. D. Rogers and Mr. Shelton be added to the assessor's tax books, which had been accidently dropped, they being liable for cost of building the sea wall and the fill in opposite their property on Beach street. The motion carried.

Moved by Alderman Schmidt, seconded by Alderman Matthews that all vehicles for hire be required to carry lamps, one on each side, with numbers thereon, a record of the same to be kept by the City Clerk; that the charge for carrying passengers to any part of the city be limited to 25 cents, except that between 12 o'clock midnight and 6 o'clock a. m. a charge of 50 cents may be collected; and that a fine not to exceed $25 be imposed for non compliance with same. Passed first reading.

A complaint was made in regards to the condition of the lots north of G. H. Seaman's property. This lot has been the habitat of tramps and there is much danger of fire. The Sanitary committee was ordered to

(Continued on Second Page.)

FRENCH CONSCRIPTS.

Marked by Bad Clothes and an Absence of Braggart.

"They are a curious crowd," says a writer describing the conscripts of the French army, "these boys of twenty and of twenty-one, in various stages of sobriety as they throng on to the platforms of the railway stations and, under the fire of gentle and imperative sarcasm from the young men in uniform who have already done a year or two, climb into the third class cattle pens which are to take them to the threshold of their lives in barracks. The sons of wealthy men elbow the sweepings of the street.

"All wear their worst clothes, except those who do not possess a second suit. The chief peculiarity about the whole of them is an entire absence of baggage. A young friend of by own is one of them. His baggage for the two days of his first visit to Paris consisted of a razor and an extremely hard tooth brush, and before leaving Paris he asked me to keep his overcoat for him till he returned. 'They will only spoil it, and it is a new one,' was his plea.

"I counted the valises of a whole train full of conscripts who accompanied my friend, and they numbered exactly four. Those four will have their boxes turned out of them tomorrow, was the verdict of a private under arms upon the platform."

ANIMAL STRIKERS.

Both Birds and Beasts Occasionally Refuse to Work.

Both birds and beasts occasionally go on strike, according to observers. A herd of horses will bunch together, neglect their food, become restive, neigh and rub noses when in a field. The reason is that the herd will not allow themselves to be saddled or harnessed and will chase and attempt to kick the attendants. Female birds take fantrums and refuse to do the housework. They desert their nests and leave their eggs to become cold and barren. The male naturally becomes greatly concerned, but with the bird and beast creation the male will never attack the female, as there is no remedy. Warblers and starlings are given greatly to these strikes.

A species of black ants have little yellow ones which do most of their work for them, occasionally the yellow species will go on a strike. Their food supply is cut off, but if that does not avail the strikers are attacked or another lot of yellow ants are secured.

Even the rabbit is a hardened striker. In rabbit colonies the stronger rabbits do most of the burrowing, and as often as perhaps once in two years these become discontented and refuse to work.

BOILING WATER.

Why a Redhot Poker Does Not Cause It to Hiss.

If a redhot poker be thrust into cold water it hisses and sputters; if into boiling water, there is no commotion.

When in the first experiment cold water comes in contact with the hot iron there is a sudden and explosive generation of steam, which causes the liquid to be scattered with a hissing noise, consequent upon the bursting of innumerable bubbles.

When, on the other hand, a poker is thrust into boiling water, which is already freely giving forth steam, the introduction of the hot iron by still further assisting steam production causes the poker to become at once surrounded by a sheath of vapor, which effectually prevents the water from coming into actual contact with the metal.

This sheath of vapor is comparatively a bad conductor of heat, so that but little passes from the iron to the water. There is no commotion, and the poker can be withdrawn still glowing brightly.—London Answers.

There Are Some Funny Ones.

"Tell me," said the editor's friend, "who are the most humorous writers you have ever met?"

"Most of those who think they are serious writers," replied the editor.—Philadelphia Ledger.

The flattery of one's friends is required as a drum to keep up one's spirits against the injustice of one's enemies.—Bulwer.

PLAYS AND PLAYERS.

"The Schoolgirl" is making a record run in New York.

Mrs. Fiske in "Leah Kleschna" is the hit of the season at the Manhattan theater, New York.

William Courtleigh is now playing a prominent role in James K. Hackett's production of "The Fortunes of the King."

Miss May Yohe is making a tour of the vaudeville theaters. She says her husband, Putnam Bradlee Strong, will come to New York in about three weeks.

Andrew Mack and his company will open in San Francisco March 16 for Australia. His engagement will begin April 8 in Sydney with "The Way to Reinvest."

George Cohan and his company, which opened in "Little Johnny Jones" at the Liberty theater, New York, have moved to another theater to make way for Fay Templeton and Peter F. Dailey and their entire company.

Francis Wilson, who is starring this season under the management of Charles Frohman in a new play by Clyde Fitch, entitled "Cousin Billy," will begin his engagement in Chicago. Mr. Wilson will soon appear in New York.

Robert J. Haines has completed arrangements whereby he will begin a starring engagement at the Berkeley Lyceum theater, New York, in a play written for him by his wife, Gertrude G. Haines, and entitled "Once Upon a Time."

BRITISH BRIEFS.

The first Jewish hospital in the British empire was opened at Manchester on Nov. 17. It cost $30,000.

During the past year 35,282 cases of disappearance were turned over to the London police last year, and in less than half that many trace of the missing persons discovered.

A recent English decision has determined that piano playing is a legal nuisance only when it is carried on with intent to annoy. Continual playing does not in itself constitute a nuisance.

The British armored cruiser Galatea, which was built in 1888 at a cost of $1,333,620, has been placed with the obsolete ships off Port Victoria and ordered to be sold out of the navy.

"Only home rule Irishmen" are to be enlisted in the Irish guards in future. A similar rule as to Scots would deplete considerably the ranks of the Scottish regiments in the British service.

Medals are cheap in England. The nurse who attended the Duke of Connaught when he had some skin scraped off in an automobile accident recently was rewarded the Victorian medal from King Edward.

MODES OF THE MOMENT.

The favorite fashion of wearing the hair is a low figure 8, the knot covered with a fine nair net.

As long as the motor crane lasts, and whether they be long or short, the leghorn will probably continue in fashion.

The daintiest and tiniest of blouses, whether they be lace or linen, are correct for theater or restaurant dining.

Although large hats are still in highest favor, word comes from the Paris correspondent that the small capote and even the toque bonnet are being introduced with success.

Although the long coat is the smartest form of the walking suit, there are plenty of women who prefer short jackets. For them three piece suits of skirt, blouse and short fancy jacket are provided.

Silk has never been called a winter fabric, but there is a fad this season for light silk shirt waist suits, or utility gowns, as they are now known. These gowns are correct for at home wear.—New York Post.

Lucky to Be Alive.

Patient—Great Scott, doctor, that's an awful bill for one week's treatment! Physician — My dear fellow, if you knew what an interesting case yours was and how strongly I was tempted to let it go to a postmortem you wouldn't grumble at a bill three times as big as this.—Chicago Tribune.

WALTER CHRISTIE ON THE BEACH

Daily Speeding His New Racing Machine and Endeavoring to Lower His Previous Record.

As stated in yesterday's News Walter Christie has arrived with his big racing car the same one which he drove during the January race meet.

The racer has been altered in many respects, the most important of which are the lengthening of the piston stroke and the increasing of the nominal horse power.

For the information of tourists who were not present during the race meet it may be repeated that this racer differs from all others which have ever been built in that it applies to the front instead of the rear axle, thus dragging the load instead of pushing it.

During the recent meet this auto won the Lozier trophy in the Fifty mile race, but the machine did not go fast enough to suit Mr. Christie and it has been practically rebuilt.

It is rumored that a stock company has been formed and if fast time is made by this racer the company will erect a factory and place on the market a front drive auto to be known as the Christie.

Next comes the Poses Plastive, one of the most beautiful sights the human eye ever witnessed, at Daytona, grand free Street Fair, March 14 to 18.

A negro is to be appointed internal revenue collector at New York, so report says. It is not likely that New York will object as strenuously as did Charleston until it has experienced the miserable of their "colored brother" as the South has done for these many years.

Miss M. E. Porter, Miss Helen Carpenter, Illion, N. Y.; A. C. Middleton and wife, Sea Side Park, N. J.; Jas. F. Hemicker and wife, Mrs. Mary C. Singer, Miss J. Kline, Allentown, Pa.; Mrs. F. E. Horne, Mrs. H. L. McKay, C. F. Hunkey and wife, Des Moines, Ia.; Jos. Haskins and wife, Misses Ella and Marie Haskins, Pittsburg, are guests of The Ridgewood.

EXPECTED AT THE OPERA HOUSE

Prof. W. B. Patty, Madame Bishop and the Gagnon-Pollock Company Will Visit Daytona.

Prof. W. B. Patty will be here Thursday, March 16th, to deliver his lecture on radium, liquid air and wireless telegraphy. A large amount of apparatus will be brought by the professor and interesting experiments will be made.

On Friday, March 17th, music lovers will have an opportunity of hearing the greatest prima donna who has ever visited Daytona. On that date Mme. Genevra Johnstone-Bishop will visit this city.

Mme. Bishop's voice is a pure mezzo-soprano of wonderful range and full of distinct carrying power, raising her to the rank of a thorough artist. She appeared in Jacksonville last Friday and attracted a large audience, which was thoroughly satisfied with her performance.

The Gagnon-Pollock company is to return on March 28th and remain the balance of the week, a change of program being made each night.

G. H. Seaman left yesterday for a business trip to St. Augustine.

Wm. Dunn, Springfield, Mass.; Miss Lulu Goodrich, Cleveland, Geo. Rogers, Wm. Morton, Brooklyn, N. Y.; Mrs. James Fagan, Augusta, Ga.; H. J. Keller and wife, Vincennes, Ind., are registered at The St. James.

J. W. Leonard, Jersey City; M. B. Wilson, wife and child; Miss Bertha Schenck, Paris, Ill.; W. G. Mathis, N. Y.; Jno. Schoninger, Miss Shoninger, Providence, R. I., are guests of Schmidt's Villa.

An eight-inch centipede is on exhibition at Atwood's Pharmacy which was brought up from Miami, alive, by J. E. Rush. A visitor thought that it was a tarantula and said: "Oh, that is a tarentella," and accented it on the penult.

inspect and report.

Alderman Clark suggested that the boats doing a ferry business across the river be required to pay a tax. No action was taken.

A salary of $40 was allowed the colored policeman of S. P. Singleton, of Waycross, and W. Sampson, of Midway, and they were ordered to make a sanitary inspection once each month.

On complaint of the citizens of Cedar street the street committee was ordered to examine the drainage on the north side of that street and make a report.

The Biddell Carnival Company requested permission to use the parkage on Volusia avenue near First street this week to put up three small stands. The petition was tabled.

Assessor Bingham reported total real assessments as $912,930.00, the personal tax as $161,540.00, showing an increase in real of $51,370.00 and a decrease of $11,520.00 in personal, due to the withdrawal of $28,000 personal tax of H. H. Hearn, thus showing a net gain on total assessment of $66,780.00.

Moved by Alderman Butler, seconded by Alderman Matthews that the millage for 1907 tax be made as follows: general millage, 11 mills, school millage, 3 mills, special millage for sinking fund, 1 mill, making a total of 15 mills for tax. Carried.

Communication and bids on rock crusher, etc., from C. M. Scott were read and action tabled for time.

Report of Street Commissioner Fix on his trip to Gainesville was read.

Moved by Alderman Hendricks, seconded by Alderman Schmidt that the boiler of the street roller be put in working order. Carried.

Moved by Ald. Matthews and seconded by Ald. Clark that the matter of stable for mules and shed for machinery be left in the hands of the street committee to report at next regular meeting; carried.

Ald. Schmidt was appointed a committee of one to see about getting suitable fire ladders.

Council adjourned to meet Monday, March 25th.

Rolfs and Mundy will take a trip to Cuba Island for the amusement of all who care to Daytona's big free Street Fair, March 11 to 18.

Thursday night the Cottage Echo Club and guests of The Palmetto will each contest for prizes at their favorite card game.

Father McMahon, of Augusta, Ga., who has been a guest of the St. James for several days, expressed himself as being much pleased with Daytona and especially of his accommodations at The St. James.

Estimates Furnished on Short Notice

The Way a Benedict Looked at It.

Mrs. Benham—I don't believe a word of your excuse, Benham—That's just like a woman. I don't suppose Jonah's wife believed the story he told her after he had spent three nights with the whale. Mrs. Benham—How do you know Jonah had a wife? Benham—He wouldn't have been a Jonah if he had not been married.—Brooklyn Life.

A Sickener.

"Some people growled Crabbe, "make me sick."

"I should think nearly everybody would make you sick," replied Cutting.

"Indeed! Why?"

"Reciprocity, you know."—Philadelphia Press.

Made the Parrot the Scapegoat.

Father—What did the teacher say when she found you absent? Small Boy—She asked me where I stayed. H. Father—What did you tell her? Boy—I didn't want to give you away, so I blamed it on the parrot.—Detroit Free Press.

No Evidence to the Contrary.

Friend—I think the baby is a splendid woman. The Lover—Well—and don't think she does, too. Friend—Oh, I merely said she was a sensible woman!

Love.

It is hard to preserve equanimity and gentleness on that delicate ground between love and esteem. There is nothing so stable and undisturbing as love. The waves beat steadfast on its shore forever, and its tide has no ebb. It is a presence in all extremities and a refuge even from itself. And yet love will not be hunted out.—H. D. Thoreau in Atlantic.

The Last Resort.

Sadly seated in a smoking compartment and poked each of his immediate neighbors for a match. All happened to be without them, however, and a look of disappointment came over the Scotchman's face as he remarked regretfully, "Aweel, I'll even hae to use one o' my ain."

Good Advice.

Said a man who had been detected cheating at cards: "They threaten to kick me downstairs. What am I to do?" The friend appealed to offered this timely counsel, "Play on the ground floor."

His Fatal Mistake.

"Adam was his own boss, wasn't he?"

"Yes, sir' ef he hadn't gone ter sleep at de wrong time he'd been no yer!"—Atlanta Constitution.

No man or boy is ever the slightest good in this world unless he has ambition.—Lord Stanley.

Antiquity of Brewing.

The ancient Egyptians understood and practised the art of brewing several centuries before the Christian era, as did also the ancient Greeks. Spaniards and Britons made a fermented drink from wheat, which was used in Spain under the name certa, and also in Gaul. Tacitus tells us that in his day, about 100 A. D., beer was the common beverage and that the Germans understood how to convert barley into malt. Six hundred years later Charlemagne gave orders that the best brewers should always accompany his court.

A Cautiousness Bound.

"Silvera seems very proud of the fact that he has a bank account."

"Yes; it has developed him into a financier of the cautiousness type."

"How is that?"

"He checks his money out just for the pleasure of putting it back again."—Cleveland Plain Dealer.

A "Practical" Wedding Gift.

Pearl—Oh, we had a delightful wedding and received so many silver presents. Ruby—That was fine. And did your father give something in silver also? Pearl—No; he gave us a bottle of gold to test the other presents with.—Chicago News.

It doesn't take any grit to grumble.—Chicago Tribune.

The Dentist's Pun.

"Mr. Denio, I want a tooth pulled. I'm a great coward when it comes to enduring pain, and yet I'm afraid of both laughing gas and chloroform."

"You might be happy with either."

At Atwood Pharmacy.

Choral Society.

The last concert of the season will be given by the Choral Society tonight under the direction of Mr. Blount, at the Opera House.

The event promises to be by far the best given by local talent, and those who fail to hear it will miss a splendid musical treat.

The program is as follows:

Introduction, Chorus.

Duet, Holy Mother Guide his Footsteps, Maritana, Mrs. Moore and Miss Hallett.

Hear My Prayer, Mrs. Moore and Chorus.

Song, Mr. Blount.

Quartette, The Wandering Minstrel.

INTERMISSION.

"Ballonnaise D'Accessis," Stabat Mater, Mrs. Moore and Chorus.

Duet, Mrs. Moore and Mr. Blount.

The Miller's Wooing, Miss Hallett, Mr. Stewart and Chorus.

Haymaking, Mrs. Moore.

Unfolding Portals, The Redemption, Chorus.

Prominent North Carolinian Here.

Mrs. Chas. A. Webb and children who are stopping at Mrs. Beerman's, 257 S. Ridgewood, were delighted by the unexpected arrival last Sunday of the husband and father, Senator Chas A. Webb, of Asheville, N. C., who will spend a few days recuperating in Daytona's salubrious climate, when he expects to return to his native city to take active part in the campaign for the establishment of the public dispensary in place of the open saloon.

Senator Webb is the sponsor of this movement in North Carolina and opened the campaign in Asheville, on Friday night last, in a speech in which he showed the advantages of state control by the dispensary system over the vicious tendencies of the open saloon, or the demoralizing influence of the "jug" and the "blind tiger," where prohibition has been attempted.

Everybody should see the Bold Bank Robbery at the Carnival one of the best shows ever produced before the American public, will positively appear at Daytona's big free Street Fair, March 14-18.

Hon. Robert W. Davis.

After serving in Congressional capacity for four terms, Hon. Robert W. Davis of this city, on last Saturday, again returned to private life. For this reason the adjournment of Congress was an event of more than passing interest, not only to the people of the Second Congressional district, but of the State as well.

Mr. Davis has represented his constituency in such a manner and his retirement from the National forum is a source of keen regret to his many loyal admirers. Mr. Davis never posed as a speaker, and it was but seldom that his voice was heard in advocacy of or in opposition to a measure, yet he was recognized as a leading figure on the Democratic side for when he did speak it was to the point, and his utterances never failed to carry weight. It was his idea that a Congressman should "talk less and work more."

How well he succeeded by pursuing this policy has perhaps been best attested by the general success that has attended his efforts. During his eight years of service Florida's delegation succeeded in securing appropriations of millions of dollars for river and harbor improvements, for government situs, buildings, etc. In this hustle-using delegation Judge Davis was a potent factor, and to his labors is in part due these excellent results. But why go into the detailed list—come in the House? It has been too successful, too brilliant, to be soon forgotten by the people whom he has so faithfully, so conscientiously served. Mr. Davis has made a record for himself, to which he may well point with a feeling of pride, and one which has seldom been equaled in the annals of this district. He returns to the practice of law richer in experience and ability, and will again take his place as a leader of the Florida bar.

Hon. Frank Clark, who succeeds Mr. Davis, is well qualified to fill the seat vacated. He is a diligent worker, a hard hitting speaker, and a man of unusual natural ability. We bespeak for him a career equally as successful as that of his colleague.—Monroe Lamar and Sparkman.—Palatka Times-Herald

Lost—Silk Umbrella at Episcopal church Sunday, March 12. G. W. D. scratched on handle. Reward if returned to The Ridgewood.

The Awixa was blown from her moorings last night and is aground on the shoals off Bay street.

Last Concert of the Season
OF THE
Daytona Choral Society
AT THE OPERA HOUSE
TUESDAY EVENING, MARCH 14, '05, AT 8:00 P. M.

MR. BLOUNT, Leader MRS. M. C. MOORE, Soprano
MISS ROBINSON, Accompanist

ADMISSION 50c RESERVED SEATS 75c
At Atwood Pharmacy.

Choral Society.

The last concert of the season will be given by the Choral Society tonight under the direction of Mr. Blount, at the Opera House.

The event promises to be by far the best given by local talent, and those who fail to hear it will miss a splendid musical treat.

The program is as follows:

Estrellentina, Chorus.

Duett, Holy Mother Guide his Footsteps, Maritana, Mrs. Moore and Miss Hallett.

Hear My Prayer, Mrs. Moore and Chorus.

Song, Mr. Blount.

Quartette, The Wandering Minstrel.

INTERMISSION

"Inflammatus Et Accensus" Stabat Mater, Mrs. Moore and Chorus.

Duett, Mrs. Moore and Mr. Blount.

The Miller's Wooing, Miss Hallett, Mr. Stewart and Chorus.

Haymaking, Mrs. Moore.

Unfold ye Portals, The Redemption, Chorus

Prominent North Carolinian Here.

Mrs. Chas. A. Webb and children who are stopping at Mrs. Bereman's, 237 S. Ridgewood, were delighted by the unexpected arrival last Sunday of the husband and father, Senator Chas. A. Webb, of Ashville, N. C., who will spend a few days recuperating in Daytona's salubrious climate, when he expects to return to his native city to take active part in the campaign for the establishment of the public dispensary in place of the open saloon.

Senator Webb is the sponsor of this movement in North Carolina and opened the campaign in Ashville, on Friday night last, in a speech in which he showed the advantages of state control by the dispensary system over the vicious tendencies of the open saloon, or the demoralizing influence of the "joint" and the "blind tiger," where prohibition has been attempted.

Everybody should see the Bold Bank Robbery at the Carnival; one of the best shows ever produced before the American public, will positively appear at Daytona's big free Street Fair, Mch 14-18

Hon. Robert W. Davis.

After serving in Congressional capacity for four terms, Hon. Robert W. Davis of this city, on last Saturday, again returned to private life. For this reason the adjournment of Congress was an event of more than passing interest, not only to the people of the Second Congressional district, but of the State as well.

Mr. Davis has represented his constituency in fact as in in name, and his retirement from the National forum is a source of keen regret to his many loyal admirers. Mr. Davis never posed as a speaker, and it was but seldom that his voice was heard in advocacy of or in opposition to a measure, yet he was recognized as a leading figure on the Democratic side, for when he did speak it was to the point, and his utterances never failed to carry weight. It was his idea that a Congressman should "talk less and work more."

How well he succeeded by pursuing this policy has perhaps been best attested by the general success that has attended his efforts. During his eight years of service Florida's delegation succeeded in securing appropriations of millions of dollars for river and harbor improvements, for government sites, buildings, etc. In this hardworking delegation Judge Davis was a potent factor, and to his labors is in part due these excellent results. But why go into the details of his course in the House? It has been too successful, too brilliant, to be soon forgotten by the people whom he has so faithfully, so conscientiously served. Mr. Davis has made a record for himself, to which he may well point with a feeling of pride, and one which has seldom been equaled in the annals of this district. He returns to the practice of law richer in experience and ability, and will again take his place as a leader of the Florida bar.

Hon. Frank Clark, who succeeds Mr. Davis, is well qualified to fill the seat vacated. He is a diligent worker, a brilliant speaker, and a man of unusual natural ability. We bespeak for him a career equally as successful as that of his colleagues—Messrs. Lamar and Sparkman.—Palatka Times Herald.

Lost—Silk Umbrella at Episcopal church Sunday, March 12. G. W. D. scratched on handle. Reward if returned to The Ridgewood. 2t

The Awixa was blown from her moorings last night and is aground on the shoals off Bay street.

The baggage and paraphrenalia of the Street Carnival Company arrived last night. The shows will be open to the public tonight.

DAYTONA is situated on the east bank of the Halifax River at the lowest regular railway bridge across the Halifax River from the Atlantic Ocean. It is an inland city, seventy-four miles from St. Augustine and one hour from Jacksonville. It is an inland city, seventy-four miles from St. Augustine and one hour from Jacksonville. It is situated in a most beautiful location, a fact that is readily seen by the many visitors. The villages of the South, by the by, are

[illegible]

The town lies parallel with the Halifax river and extends for about two miles along the shore. The river is the delight of the anglers and the sailors and forms one of the favorite amusement features.

The river narrows from one half mile to one quarter mile at the point where Beach street crosses it, and at this point is a bridge 1,000 feet long. Directly across the river from the bridge on Beach street is the Ocean Inlet, which is about six hundred feet wide, except during the spring tides, when it is much wider. The inlet is kept open by the action of the tides, which flow in and out with the force of a mill race. The water is deep enough for the largest vessels to enter the river at this point, and the channel

Round trip.....4.40

DAYTONA is situated upon the west bank of the Halifax River at its widest expanse and midway between its source at Bulow Bay and its outlet at Mosquito Inlet. It is in latitude 29 seventy four miles from St. Augustine and one mile from the Atlantic ocean, and is acknowledged to be without a rival for beauty among the villages of the South. Its site is a gentle slope which is known as high land, and is dotted over with groves of majestic forest trees, and abounds in those evidences of the town of today, viz: the cottages and well kept lawns and streets. The people is that all along the wide avenues that intersect the town are lordly live oaks and magnolias, many of them draped with graceful festoons of the gray spanish moss, that overarches the street and walks, and among these are interspersed tall tropical palmettos, glossy leaved magnolias, fragrant bays and coral-berried holly, and many other varieties, while in many places the wild grape, the trumpet vine and the ampelopsis climb and cling among the branches forming shady bowers and adding grace and beauty.

The town lies parallel with the Halifax River, and extends for nearly two miles along the shore. This river is the delight of the angler and the yachtsman and forms one of the town's greatest attractions.

The main avenues that run parallel with or intersect the river are all 100 feet wide, except Beach street, which is about sixty-five feet, but has a half-mile of open, beautiful water abutting upon its eastern side, where the salt waves ebb and flow and along and across which comes the cooling, invigorating and health giving breezes from off the wide Atlantic, which temper and render the Halifax climate one of the most perfect in the world. Daytona has many miles of well graded, macadamized and shelled roads and streets, rendering it the

Wheelman's Paradise

and added to these, but a mile away, are thirty miles of smooth, hard beach, that affords an unrivalled course for long distance cycling and driving or automobile racing. No town of equal size, North or South, numbers so many wheelmen, and cycling is a favorite pastime with the tourists summer and winter.

The Beautiful Cottages

that have been erected during the past years and are being built are rendering Daytona as famous for its fine homes as for its beautiful river, trees and avenues, and they are adding yearly to its attractions.

Not the least of these attractions to those securing homes in the South, and ranking second only to healthfulness and perfection of climate, is the fact that its population is chiefly composed of cultivated and intelligent people, accustomed to the refinements of home and social life. Added to these features are good churches, good public and private schools, stores, hotels, laundry, meat markets, novelty works, an opera house, electric lights for street and house illumination, a good telephone system, ice factory, City Water Works, and hot and cold baths, etc., and everything else can be procured that is necessary to make life comfortable. An important feature in the healthfulness of this town is the

Water Supply

which is derived from numerous flowing wells, of which there are probably 300 in the corporate limits. This flow is secured by boring wells to the depth of from 80 to 120 feet, passing through several strata of rock, and this depth assures purity from all surface contamination. The water is slightly impregnated with magnesia and iron, and holds sulphur in the shape of gas; which soon passes away.

The Population of Daytona

proper is about 1,800. Added to this is a suburban population on main shore and peninsula of about 1,000 at Kingston, Blake, Old Seabreeze or Goodall, Seabreeze and Silver Beach, which are properly a part of the town and population.

Daytona Beach

lies one mile east of the town. It is approached by three good bridges over the river and well-graded avenues, and is the principal summer resort south of St. Augustine. It has more tourists during the summer than all other places south of that city combined, and is also becoming a favorite winter resort. The beach is wide, firm and smooth, by many considered the finest in the world, and the surf bathing is safe and excellent summer and winter. People who have tried Northern and Western summer resorts declare that there are none so perfect a comfort as Daytona beach.

Automobile Race Meet.

The Florida East Coast Automobile Association conducts an annual race meet on the beach, which has now a universal reputation as the greatest automobile race course in the world. The Daytona-Ormond Beach is hard as macadam, and an ideal stretch of thirty or more miles without a break makes it the natural racing ground for America.

At low tide the beach is bared for 500 feet and neither carriage wheel, bicycle or pedestrian can make a hardly visible imprint on the smooth and well-packed sand. It is no uncommon sight to see sail-rigged bicycles speeding with the velocity of the wind before a stiff breeze along the smooth beach, thus affording the most exhilarating sport known to man. Besides these, miles of hard-shelled, palm ringed boulevards bring the lovers of the wheel and vehicles into direct touch with the mainland over the broad bridges which span the splendid Halifax River.

The beach from the sandy bluffs to the lowest point at ebbtide, measures about 500 feet, and the average depth of the surf measures about two feet. A continuous gentle swell rolls in from the ocean from one to two feet in depth under normal conditions, making the beach an attractive and absolutely safe place for surf-bathing. Here the infant as well as the grey haired veteran of many summers, can safely enjoy the luxury of a sea bath throughout the larger part of the year, while the strong and expert swimmer can venture out further to test his strength and skill in battling with the inexhaustible powers of the mighty ocean.

The Peninsula

lying between river and ocean is one-half mile wide, and is being rapidly improved, and there are many fine cottages and several good hotels, an opera house, two ocean piers, beach pavilion and a large casino.

A Remarkable Feature

of Daytona has been the yearly improvement in the style and value of the buildings that are being erected or homes. Men of capital of the North and West have become awakened to its advantages for winter residences, and valuable lots are being purchased and costly houses, beautiful in design and finish, are being erected, and beautiful homes, the abodes of wealth and culture are multiplying. Seabreeze (City Beautiful) and Goodall are settlements on the Ocean side of the peninsula across the Halifax River from Daytona.

At the foot of Ocean Boulevard, Seabreeze, a pier reaches 600 feet across the beach into the swelling surf of the ocean. This pier is a favorite resort of those who delight in the sport of fishing. The surf here abounds in trout, pompano, yellowtail, cavalle, whiting, drum, sheepshead and many other varieties of edible fish. During the fall season the famous sea bass affords royal sport, and it has been no uncommon occurrence to land a thousand pounds of this gamey fish in an afternoon, individuals of them ranging from fifteen to thirty-five pounds in weight. Not only does the ocean offer this splendid sport but the Halifax River, only half a mile back of the ocean, is equally famous for its fine fishing, and the varieties that abound in the ocean are present in the river.

Hunting and fishing good. Experienced guides and dogs may be had at reasonable prices.

Steamer "CHEROKEE" starting Jan. 25.
